Easter Seal Sale Now On

Contributions to the annual Easter Seal drive of the Virginia Society for Crippled Children and Adults are helping to find the answers to many questions through the Easter Seal Research Foundation, which is supported by a share of the Easter Seal funds collected throughout the country.

Bob Montgomery, president of the Appomattox Chapter of the Society, said today that almost 100 research projects conducted across the nation are opening new frontiers for the handicapped by attacking disability and diseases that cause crippling and solving problems which millions of crippled children and adults now face.

KNOW THE WEATHER

By E. H. Sims

Now that Spring has arrived, what are its weather characteristics and what causes them?

Spring naturally brings warmer weather, for in springtime each day is longer than the night. But it also brings more rainfall in most areas of the country. Usually rainfall builds up until early summer and then tapers off — into the dry fall months.

Spring also brings gusty winds and short, hard rainfalls. It brings sticky, murky weather in the more southern climates and the first "spring fever" attacks of the year. The reason for the rain lies in the gradual lessening of cold, dry air masses — in frequency of appearance.

The warmer weather and more sunshine produce more thunderheads and moisture from them. Because the change of season to warmer air is not always quietly effected, tornadoes and brief severe storms often come in springtime.

HAPPY FAMILY CIRCLE

The world is heavily populated with individuals who would do "great things" if they had fine positions or plenty of money. However, the world has very few men or women who are striving to do the little things in life in a manner that befits the doing of the greater things.

There is much talk today, for example, about the value of family life. What do the average father and mother, in this day, do for the benefit of family life? For that matter, what contributions does the young son, or the young daughter, feel impelled to make in developing a happy family circle that, in too many instances, is but theory?

Happy family life is a cooperative affair. It does not depend on father or mother, or son or daughter, alone. Unless all work for the common good, unless all members of the family try to be as unselfish as possible, then there can be no completely happy family circle. But it is worth thinking about and working for. What are you going to do about it?

JANET HAMILTON WEDS JAMES H. GOIN

A wedding gown of brocaded satin was worn by Janet Lee Hamilton when she became the bride of James H. Goin on Saturday, February 10th, at a 2 p.m. candlelight ceremony in the Davis Community Church, Davis California. A reception in Fellowship Hall followed the vows.

Officiating at the double ring ceremony was the Rev. Dwayne Proett, pastor of the church.

Baskets of lavender and white stock along with seven-branched candelabra flanked the altar. White bows with lavendar accent marked the pews as Leigh Hamilton escorted his daughter down the white carpeted aisle and gave her in marriage. White tapers were used on the altar rail.

The lovely bride's brocade satin gown was fashioned with a fitted bodice, bateau neckline and short puffed sleeves. The skirt featured unpressed pleats and was of floor length ending in a chapel train.

Her floor length veil or net was secured by a pearl studded crown having four teardrop pearls highlighting the front. Her shower bouquet was of white gardenias and stephanotis with whitey streamers.

She completed her attire with long white nylon gloves.

Maid of honor was Miss Janet Osterli of Davis. Bridesmaids were Miss Aldene Rizzi and Miss Ruth Forde, both of Davis, and Miss Lana Enos of Sacramento.

Murray Bloom, of Daly City, performed the best man duties.

The bride, a graduate of the Davis High School, has been attending Sacramento City College.

Mr. Goin, a graduate of the Grant Union High School in Sacramento, has been recently discharged from four years' service in the U. S. Air Forces. At present, he is attending the College of the Marin in San Anselmo and working as a correctional officer at San Quentin.

Parents of the bridegroom are Mr. and Mrs. DeWitt Goin of AppomaWox.
